Works notification

Dear neighbour

We are about to re-commence our earthworks operations to construct the extension of Paul Matthews Road, the new SH18 eastbound off-ramp and the bridge abutments for the SH18 viaducts.

As part of this, work is starting to open up the section of land at the existing North Harbour Hockey facility that is needed for the Northern Corridor Improvements project.

What are we doing?

From **Tuesday 1 October**, a variety of work will commence on the northern side of SH18 between Paul Matthews Road and Caribbean Drive. This will include but not limited to activities such as fencing, earthworks, drainage and retaining wall construction, followed by the pavements crew to construct the road surface.

Our hours of work are Monday to Saturday 7am to 7pm, however should we choose to work Saturday, we usually finish by 3pm.

How will it affect you?

This work has been carefully planned to keep disruption to a minimum, however nearby neighbours may experience noise and vibrations at times from the variety of machinery used. We apologise for any inconvenience this work may cause and thank you for your patience.
