Feedback Form – Apollo drive Yellow lines from the bus stop outside 110 to the driveway 112

Introduction

Business North Harbour, formerly North Harbour Business Association, represents approximately 4,500 commercial property and business owners located within the business district north of Constellation Drive/Upper Harbour Highway and south of Oteha Valley Road.

Our submission on the yellow lines on Apollo Drive as follows.

Regards

Sarah de Zwart
Transport and Relationship Manager
Business North Harbour

Assumptions:

Business North Harbour has not undertaken independent verification of Auckland Transport's plans.

Our positioning is based on the assumption that Auckland Transport's plans are both robust and accurate. If this proves not to be the case, our position and subsequent evidence may need to change.

Our Process

We personally contacted the tenants or property owners who were in the immediate vicinity of the new changes.

Our Findings

There was general support in favour of the clearway outside 110 Apollo Drive with the existing safety concern. Although this would decrease valuable street parking in the area.

The comments I have received at this stage are:

The concern over the parking and congestion impact from the new retirement village.

There is an observation that vehicles use the medical village route to avoid the Rosedale and Apollo round-a-bout at peak times, therefore the requirement of 'hockey sticks' on the Apollo end driveway, would ensure the best visibility for exiting cars.

Requirements

We require consideration as to the 'hockey sticks' outside 119 Apollo Medical, due to safety concerns.

Conclusion

We support the yellow lines which would remove approximately 4 carparks, outside 110 Apollo Drive, Albany.
