

PROPOSED REMOVAL OF CAR PARKING SPACES ON HENRY ROSE PLACE

Please see attached a letter and map from Auckland Transport. They are looking to remove some car parking at the junction of Henry Rose Place and Rosedale Road.

This is to improve safety at the junction as at the moment buses and larger vehicles end up in the middle of the road if parked vehicles on Henry Rose block their route. We know that this will result in the loss of valuable car parking but safety is also important.

Auckland Transport is asking for your views and feedback. So whether you think it's a good or bad idea please let them know by emailing Kaitlin Chou. You may wish to copy me in on your email so we can keep track of all submissions:
