

23 April 2020

Dear Neighbours

Northern Interceptor wastewater pipe construction – Restart of works - 28 April

We would like to advise you of our plans to recommence works on Watercare's Northern Interceptor on Tuesday 28 April following the lifting of Covid-19 Level 4 restrictions to Level 3.

Many of the project's essential staff have been working from home to keep the planning behind the scenes progressing even though physical works were put on hold on March 25.

Safety of all people associated with the works and in the surrounding communities is our priority. Government, Watercare and Fletcher Construction have collectively developed strict protocols to ensure this is the case site wide. These protocols will be reviewed and audited on a regular basis.

On Tuesday 28 April, works will recommence on various sites along the alignment of the Northern Interceptor. Commencement of these works will be staged over a period of time once all sites have been assessed by site management and are ready to start works again. The proposed construction sites are:

1. Hobsonville Pump Station
2. Greenhithe Road - pipeline completion
3. Appleby Road, Albany - pipeline completion
4. Wainoni Park - pipeline completion
5. Rahui Reserve
6. Causeway adjacent to Greenhithe Bridge
7. Bush Road – service investigations
8. Squadron Drive – pipeline completion
9. North Shore Memorial Park – pipeline completion
10. SH18 – pipeline installation
11. Sinton Road

Any questions?

If you have any questions regarding these works, please email me at Nlproject@water.co.nz or phone me directly on 021607774. Watercare's Customer Services team are available at info@water.co.nz or on (09) 442 2222, Monday to Friday, 7.30am to 6.00pm (except public holidays).

Yours sincerely

Claire Donnelly
