## Strategies For Marketing Success - Workshop Review

#### Business Capability Workshop, sponsored by Pathfinder Solutions

There was a definite buzz in the air of **Business North Harbour** 's (BNH's) boardroom; the enthusiasm to get back to in-person events was tangible. **Bex Taylor** 's presentation was engaging from the get-go. Having learned what kinds and sizes of businesses were represented in the room, she offered dozens of practical ideas that were as useful for sole traders as for significantly larger organisations. There were six key topics covered in depth:

1. **Audit and streamline your online presence**
2. **Prioritise stories, not products**
3. **Snap photos with your phone**
4. **All roads lead to your website**
5. **There are no competitors, only collaborators**
6. **Upskill yourself**

**Watercare** are updating the waste water network. The works starts this month and they aim to finish by April 2024.

They are building a new larger 1.75 km wastewater pipeline from Windsor Park along Centorian Drive and Apollo Drive to Rosedale Wastewater Treatment Plant. This new pipeline together with the Sidmouth Pump Station upgrade (currently in construction) will contribute to increasing the wastewater transmission capacity in the East Coast Bays catchment. It will also cater for growth and help eliminate overflows.

How will this affect the BNH members? There will be reduced street parking and stop/go boards on Apollo Drive. For further information please click [here](#).

## Lanes Set To Change Southbound On The Northern Motorway

**Waka Kotahi** is advising drivers to be aware of lane layout changes on SH1 southbound starting in early-mid September. The changes will be put in place during an overnight shift which will require a full closure of State Highway 1 southbound between Greville Road and Constellation Drive while temporary traffic management is removed from the road. During the night of preparation work, a detour will be in place via Hugh Green Drive.

Once completed and the road is open, there will be an additional lane open southbound between Greville Road on ramp and Constellation Drive off ramp. Drivers are advised to be patient while everyone adjusts to the new layout over the following few weeks.
