

Road Works Notice

Where:	<u>Apollo Dr, Rosedale</u> between Orbit Dr & Constellation Dr Refer site map on reverse side
When:	Wednesday 03 April 2024 to Friday 05 April 2024 Contingency dates up to 25th April 2024 (No work on Friday or Saturday nights)
Times:	Night Shift: 7:00pm to 5:00am
Duration:	<u>2 x night shifts</u> (weather dependant)

On behalf of Auckland Transport, Fulton Hogan will be going to CLOSE the road and carrying out resurfacing work in your area. In the event of bad weather, the work will commence on the next fine shift. To minimise the impact of the works, the works will be completed overnight.

How this will affect you

A new traffic control layout may be in operation while the work is underway, and you may experience brief delays during this time. To ensure the safety of you and those working onsite, we request that you follow the directions of temporary road signs and traffic control staff on duty.

On-street parking may be limited during work hours and, we would appreciate if you could park your vehicle away from the work area on scheduled workdays. We may need to tow vehicles parked in the work area to a safe position a short distance from the work site. We will make every effort to locate the owner before towing.

We will notify you directly if vehicle access to your driveway is likely to be affected. Should you require assistance at any time please do not hesitate to ask our onsite staff or the site engineer (details below).

There may be parts of the operation which could cause disruption. These have been identified as machinery noise, vibration, flashing hazard beacons and minor dust. All efforts will be made to minimise these disturbances as much as practically possible.

Who to contact

For further information please contact the site engineer:

Name: Ewoud Botha
Phone: 027 484 9097
Email: Ewoud.Botha@fultonhogan.com

Alternatively, please phone the Auckland Transport call centre on: (09) 355 3553 or email feedback to akfeedback@fultonhogan.com.

Thank you in advance for your patience and cooperation while we undertake this work to keep Auckland's roads maintained.
